

# The Organizational *Juice Check*™

## Employee Engagement Assessment

### The Juice Check Tool: What is it?

The Juice Check is an online diagnostic that helps you understand how engaged your employees feel, and it uncovers the areas you need to work on as a department or organization to increase their energy levels. The payback to your organization for an engaged team is more discretionary effort - the "above-and-beyond-the-call" contribution of employee effort, thought or time that is not required, but is freely given at your employees' discretion.

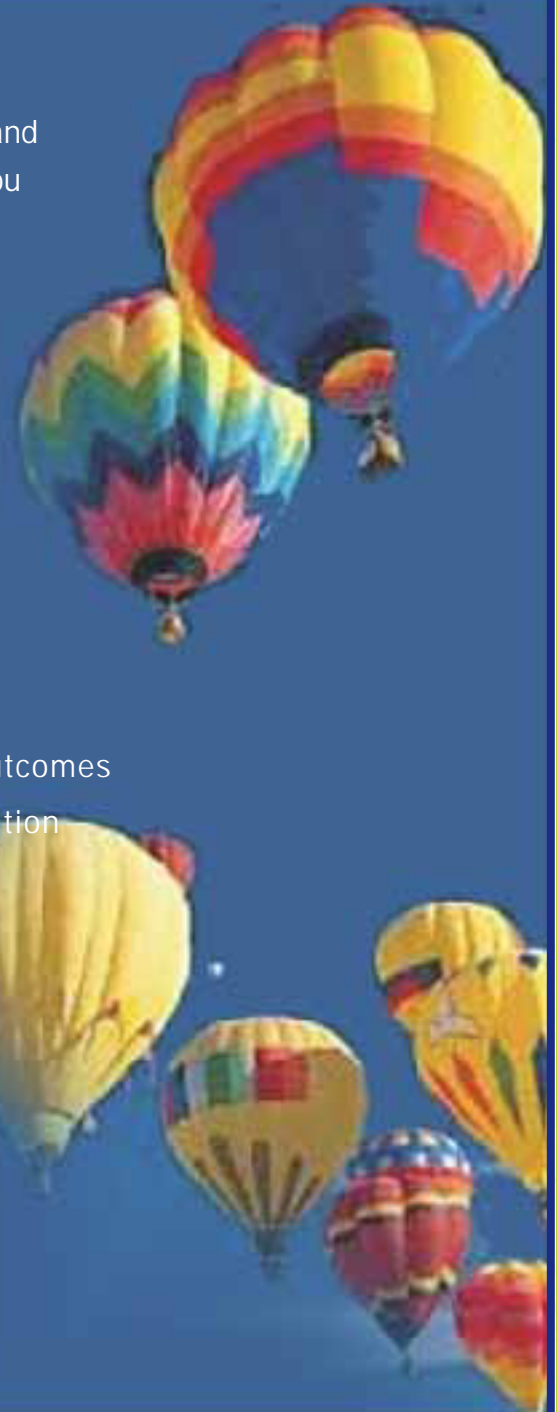

### Why Use It?

The Juice Check can help you identify:

- Fit issues that interfere with optimum performance
- Gaps in clarity of goals, objectives and expected outcomes
- Opportunities for better, more effective communication
- Intent to leave/employee retention issues
- How valued your employees feel
- How productive your employees feel
- Areas where more management support is required

### What's Included:

- An aggregate report
- Comprehensive debrief with Juice consultant
- Comparative data against the norms
